Objective

I am interested in getting internships related to computer science and/or web design.

Education

High School | Brooklyn Technical High School

· Class of 2019
· GPA: 94
· Focus of Study: Software Engineering
· AP Courses Taken: English/Seminar, World History, Computer Science Principles

Leadership

· Secretary, Brooklyn Technical High School Student Government
   o As the secretary, I take note of what goes on in the weekly meetings and implement assignments based on what has been discussed.
· Event Coordinator, Connect With Tech Companies(club at Brooklyn Technical High School)
   o Send out emails about volunteer events and led the events.

Extracurricular

STEM NYC | SUMMER OF 2016

· Learned the foundations of robotics
· Worked with Arduino to make a line-follower robot. The line-follower robot is a robot that follows a line by sensing the line's color.

WEB TECHNOLOGY BOOT CAMP AT MONROE COLLEGE | WINTER OF 2016

· Learned the foundations of coding at Monroe College. These are 2 websites that I have made in this class: http://weather_angela.webtechnologybootcamp.com/
   http://todo_angela.webtechnologybootcamp.com/

VOLUNTEER| ELECTROPOSITIVE AT BROOKLYN | SINCE SPRING OF 2017

· A co-working space where events are held around 6pm-8pm for start-up companies.
· The volunteer work I do at Electropositive is to prepare and set up for these events.

GIRLS WHO CODE | SUMMER OF 2017

· A summer immersion program that gave me experience on object oriented programming
· In this program I made my 2nd separate website: https://angelaz2000.github.io/

Skills

· HTML
· Processing
· JavaScript
· Python
· CSS
· Bootstrap
· User Centered Design
· Object Oriented Programming
· Agile Development
